MOSAICOS.MX

Nace con la idea de volver a nuestro origen en la fabricación del mosaico hidráulico que empezó en nuestra familia en 1905. Pioneros en esta industria.

Un siglo más tarde, nace la idea de retomar la tradición en la fabricación del mosaico y combinarla con las nuevas tecnologías para brindar una mejor calidad y servicio.

De esta manera la cuarta generación de la familia evoluciona sin olvidar su origen.

COLORES

Diseña con los colores de la paleta de COMEX (<https://tienda.comex.com.mx/familias-de-color>) y elige donde te gustaría colocarlos.

Los colores pueden presentar una pequeña variación debido a que los colores de cemento son diferentes. Te pedimos verificar el color con una muestra física.
